Dear Kim, Hae-sook,

Thank you for the email. We are glad to know that the evaluation is finished.

For our part, we have no problem with the certified model being shown to the public

Best Regards,

Diana Armendariz

Asunto: (Ecuador) Request for opinions regarding the disclosure of the health certificate for egg products and dairy products in Homepage of MFDS

Dear Ms. Diana Armendariz

I am Kim, Hae-Sook of On-site Inspection Division MFDS of Korea, and i'm charge consultation of export health certificate.

We completed the discussion on the export health certificate on Jan 2021

Thank you very much.

We will open to public the format of the export health certificate to importers who want to import dairy products from Ecuador to Korea.

This enables importers will easily check the export health certificate.

However, please comment if you do not wish to disclose the certificate form. If so, I will not disclose it.

I look forward to your reply.

Thank you.

Best regards,

Kim, Hae-sook
